Prashant and Jim,
Please find attached EPA's and GEPD's comments on the above referenced memo. Please let me know if there are any questions and if we need to set up a meeting/call to discuss the comments. Please note that responses to comments made on the earlier BRA memo (and the revised BRA Memo itself) are still being evaluated. When the evaluation is complete, EPA will contact you regarding the need for a call or meeting regarding the BRA Memo.

Sincerely,
